

Hotel Baltshug Kempinki, Ul. Baltshug 1, 115035 Moscow, Russia
November 30th – December 1st

New techniques in arthroscopy, sport medicine, orthopedics and rehabilitation

With **Live Surgical Demonstrations** of arthroscopic techniques performed by the leading European surgeons:

Prof. Karl Peter Benedetto (Austria)
Laurent Lafosse (France)
Prof. Markus Scheibel (Germany)
Roman Brzoska (Poland)
Gabriel Mozes (Israel)
Robert Smigielski (Poland)

Conference level – super advanced

International speakers: Austria, France, Germany, Poland, Israel, Ukraine
Russian speakers: Moscow, Saint-Petersburg, Krasnojarsk, Ufa, Tolyatti

International Artromost 2013 conference **Preliminary program**

30.11.2013 – 01.12.2013

Hotel Baltshug Kempinki, Ul. Baltshug 1, 115035 Moscow, Russia

Supported by Ukrainian Association of Sport Trauma, Knee Surgery and Arthroscopy (UASTKA)

Supported by International Society of Arthroscopy, Knee surgery and Orthopedic Sports Medicine (ISAKOS)

Artromost Organizing Committee Chairman — Dr. Oleg Milenin, MD, PhD, Moscow, Russia

Conference chairmen

Fyodor Lazko, Prof., MD, PhD, CCH №12, Moscow, Russia

Mikhail Lisicin, Prof, MD, PhD, Moscow, Russia

Guram Lazishvili, MD, PhD, CCH №1, Moscow, Russia

Alexander Kostrub, MD, UASTKA president, ITO AS of Ukraine, Kiev, Ukraine

Igor Zazirniy, UASTKA vice-president, Kiev, Ukraine

Roman Brzoska, MD, PhD, Bielsko-Biala, Poland

Live Surgical Demonstrations

Laurent Lafosse (France) — Arthroscopic Latarjet procedure

Laurent Lafosse (France) — Massive rotator cuff tear reconstruction

Roman Brzoska (Poland) — Bankart procedure with middle glenohumeral ligament reconstruction

Artromost 2013 Shoulder day (30.11.13)

Prof. Markus Scheibel (Germany)

Arthroscopic treatment options for glenoid and scapular fractures

Laurent Lafosse (France)

Arthroscopic Latarjet procedure and bone grafting for shoulder joint instability

Laurent Lafosse (France)

Acute and chronic subscapular tendon tears: classification and surgical treatment

Roman Brzoska (Poland)

Arthroscopic reconstruction of glenohumeral ligaments for shoulder joint instability

Roman Brzoska (Poland)

Arthroscopic reconstruction of massive rotator cuff tears

Sergey Dokolin (RNIITO, Saint-Petersburg, Russia)

Transplant integration after arthroscopic shoulder stabilization with bone grafting after 2 years follow-up

Gabriel Mozes (Israel)

Biodegradable balloons for non-reconstructable rotator cuff tears

Prof. Markus Scheibel (Germany)

Arthroscopic Treatment options for AC-Joint instabilities

Prof. Markus Scheibel (Germany)

Biter for biceps tendon problems

Sergey Dokolin (Saint-Petersburg, Russia)

Current rotator cuff reconstruction techniques from our point of view

Prof. Markus Scheibel (Germany)

Optimization of capsular shift procedures using the wonderhook

Grigory Fedoruk (Moscow, Russia)

Surgical treatment and rehabilitation of shoulder joint instability in wrestling athletes

Evgeny Goncharov (Moscow, Russia)

Throwing shoulder: diagnosis and treatment

Eduard Rahmankulov (Ufa, Russia)

Arthroscopic treatment of recurrent shoulder instability

Oleg Milenin (Moscow, Russia)

Arthroscopic Latarjet procedure in lateral decubitus position

Alexei Lubnin (Moscow, Russia)

Arthroscopic AC joint stabilization: my experience
